Thank you for ordering a Certified Pedigree from the American Kennel Club™. A pedigree contains a great deal of information, and abbreviations are an unfortunate necessity. On this sheet you will find the meanings of the abbreviations used for titles; countries (if a dog was from outside the US); colors and markings; OFA and CERF certifications, and genetic clearance information. Should you have further questions, please call the AKC™ Customer Service office at 919-233-9767. Web site: www.akc.org

Note that if a date is shown after a dog's registration number (such as 01-923), this is the month and year the dog's first breeding was recorded in the Stud Book Register. It should not be confused with the dog's date of birth.
